Acknowledgement of Country

Blue Mountains Grammar School acknowledges the traditional owners of the land, the Darug and Gundungurra peoples, and pay our respects to Elders past present and emerging.

WELCOME TO THE 2022 CAREERS EXPO

For secondary students and school leavers, the Blue Mountains Grammar School Careers Expo showcases a variety of possible careers, and may provide the spark to set a student on their life's career path.

For students in Years 7 to 9, the Careers Expo encourages consideration of tertiary or vocational pathways, and prompts students to start thinking about and selecting their school subjects.

Students in Years 10 to 12 can use this event to meet one-on-one with experts from education and training institutions and investigate the practical steps they need to take to achieve their dreams. Many will discover career possibilities they had not previously considered.

Parents and carers are encouraged to attend the Careers Expo with their child, and help play a more informed role in the career planning process.

Careers Expo exhibitors include local and interstate universities, vocational training colleges, employer associations as well as relevant support and facilitation organisations.

Also exhibiting are representatives from the State's key education, training and employment organisations and tertiary training entities from around the country, along with some of the Blue Mountains most iconic tourism and hospitality businesses.

We hope you enjoy the Careers Expo.
